

sheet.

- 2 In the following figures colour the right angles in red, the acute angles in blue, and the obtuse angles in green. Some are done for you.

Exercise 10 B.

- 3 The pictures you see below are different poses made while playing badminton. Mark and name the different angles that you see in these pictures.

6 Name and identify the following angles. One has been done for you.

$\angle ABC = \text{obtuse angle}$

$\angle DEF = \text{Right angle}$

$\angle PQR = \text{acute angle}$

$\angle STU = \text{obtuse angle}$

$\angle WXY = \text{Acute angle}$

$\angle MNO = \text{straight angle}$

$\angle XYZ = \text{Right-angle}$

$\angle LMN = \text{Acute angle}$
